Journal of Coffee Science

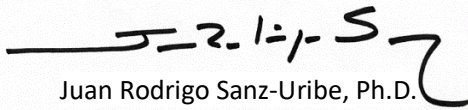

Universidad Federal de Lavras/UFLA

Dear Professor Borém,

It is to let you know that I, Juan Rodrigo Sanz Uribe, certify that I proofread the paper "Performance of Different Fermentation Methods and the effect on Quality in Coffee (*Coffea arabica* L.)", whose main author is Aida Esther Peñuela Martínez.

For your information I am proficient in English because I earned my Ph.D. degree at the University of Wisconsin – Madison, where I spent five years. I have written one book in English, have been co-author of three more books and have also written more than 20 scientific papers in that language.

Sincerely,
